LIGHTING FIXTURES
and
GLASSWARE

CATALOG No. R-27

GILL GLASS and FIXTURE COMPANY
PHILADELPHIA

How to Order

1. Our terms are 1% 15 days, net 30 days.

2. This Catalogue illustrates our line of Lighting Fixtures and supersedes all previous issues. Items appearing in previous catalogues which are not illustrated in this one have been discontinued.

3. "Practically all items are packed in specially designed cartons with proper interior parts for each particular number. Our standard packages contain as few of each article as is economically practicable, and for this reason, we do not solicit nor can we accept orders for less than standard packages."

4. Orders on which specifications are not definitely clear cannot be filled without considerable loss of time consumed in writing for needed information. Follow instructions when ordering to facilitate prompt service.

5. State clearly how the goods ordered are to be shipped, whether by freight, express or otherwise. If there is any preference for a certain route, it should be mentioned on the order.

6. Great care is used in filling orders promptly, packing goods properly and obtaining receipts from carriers for delivery in good condition. We cannot, therefore, be responsible for goods damaged or lost in transportation. All possible precautions, however, will be used to prevent injury or delay and if requested, shipment will be traced.

7. All claims concerning the shipment of goods must be made within one week after their receipt.

8. When referring to orders always give the number and date of your order.

9. Orders from persons unknown to us, unless properly rated by commercial agencies should be accompanied by draft or business references, or, if desired to be sent C.O.D., an amount sufficient to cover express or freight charges.

10. "Railroad rates are based on minimum weights of 100 lbs. and if customers order less than 100 lbs. we will assume immediate shipment is desired regardless of weight, unless the order specifically requests shipment with other goods."
